

The arrivals area can only be accessed through Terminal T3. The terminals at Malaga Costa del Sol Airport are just a few minutes walk from each other and can be easily reached by travelators, lifts and escalators.

If you land at Terminal 2 at Malaga Airport you will be directed into the new Terminal 3 to clear security and collect your baggage. This is because the older Terminal 2 is currently undergoing refurbishment.

There is a bus station located underground at the airport. It can be reached from the arrivals level of the transportation hub or from arrivals in terminal 3 which can be accessed from all terminals. There is also a bus stop outside the cargo terminal.
